A. HILLYARD NEW GENERATION DISPENSING SYSTEMS

The New Generation Dispensing Systems accommodate 1000 mL or 2000 mL soap of your choice and features a cabinet interior and unique dispensing valve that optimize space utilization. You get twice as much product in the same amount of space as traditional bag-in-box systems. Larger capacity means you spend less time refilling dispensers and more time on other tasks. Best of all, it means fewer complaints about empty dispensers. ADA compliant and easy to install.
