HILLYARD I-FORCE®		

Industrial facilities present some of the toughest cleaning environments. Oil, grease, tar, cutting fluids, and other tough soils make cleaning a challenging proposition. This difficulty has led many operations to say, "why bother?" and abandon even minimal standards of cleanliness. But consistent cleaning, even in these harsh conditions, can improve employee morale, safety, and productivity and demonstrate to customers and suppliers a close attention to detail.

The Hillyard I-FORCE® line of industrial cleaning products helps facilities meet their cleaning goals in a cost-effective manner. The I-FORCE® product mix includes industrial strength cleaners, natural solvent degreasers, and a host of specialty products designed to attack heavy soil conditions quickly and effectively to keep surfaces clean and safe and operations up and running. I-FORCE® tackles the cleaning demands of industrial settings and sets new expectations for what clean can be.

A. DE/CL-100® *

Perfect for cleaning light to medium soils. Tackles hard-to-clean areas with minimum effort. Its synthetic detergents, solvents, and alkaline builders are for tough, industrial cleaning jobs. Low foaming action makes it ideal for use in automatic scrubbers. Phosphate free and non-combustible.

HIL0048107	5 gal.	1
HIL0048109	55 gal.	1

D. SM-1™

A concentrated, non-butyl industrial degreaser designed to remove oil, dirt, grease and grime from tough to clean surfaces. May be used on concrete floors, air filters, exhaust hoods, walls, machine parts and more. Formulated with accelerated action technology allows SM-1 to do the job in less time than traditional degreasers and more economically.

* Classified by Underwriters Laboratories, Inc.® as to slip resistance (186S).

ITEM	DESCRIPTION	PACK
A. H.P.C. - HIGH PRESSURE CLEANER *		
Fast acting cleaner for pressure washing equipment. H.P.C. pressure washer cleaner removes oil, dirt, grease, and grime from floors, walls, equipment, vehicles, metal buildings, and more. Remains stable up to 180°F (82°C) for use with hot water for improved cleaning efficiency. NSF Category A-1, A-4.		
HIL0048006	1 gal.	4
HIL0048007	5 gal.	1
HIL0048009	55 gal.	1
HIL0048011	275 gal. Tote	1

B. D.M.B. - DESCALER AND METAL BRIGHTENER		
Extra-strength cleaner removes hard water deposits from metal and plastic surfaces. Leaves surfaces bright and free of buildup. Phosphoric acid formulation is effective for removing hard water deposits such as lime, calcium, magnesium, iron, and aluminum. Should not be used on marble, terrazzo, resilient flooring, or galvanized surfaces. Excellent for restoring dull, oxidized metal and aluminum to a "like new" bright, clean surface. This product is under the Ner Tamid "K" Kosher Supervision and is kosher. NSF Category A-3.		
HIL0047406	1 gal.	4
HIL0047407	5 gal.	1
HIL0047409	55 gal.	1

C. HIGH DISCHARGE DRUM DISPENSER		
The I-Force High Discharge Dispenser mounts easily to drums and totes to automatically mix cleaner concentrates with water and dispense at the desired dilution rate. Provides consistent, precise dilutions that maximize product performance and provides added safety for workers by reducing physical contact with chemical concentrates. Downtime spent filling large industrial auto scrubbers is also limited due the 16 gallon per minute flow rate. This tool increases employee productivity, makes efficient use of space, and represents a smart investment for facilities using large quantities of bulk chemicals.		
HIL99554		1

D. I-FORCE® HIGH AND LOW FLOW DISPENSER		
The ultimate in mountable industrial concentrate dispensing. Perfect for filling large equipment on high flow and able to fill smaller containers without a mess on the low flow side. The dispenser has a 9.5 gallon per minute flow rate on high flow and a 1 gallon per minute flow rate on low flow. This dispenser also has the ability to run different dilutions out of the high and low flow sides of the dispenser. Wall-mountable, stainless steel case. Includes a wide variety of tip choices.

DESCRIPTION

PACK

The heightened awareness of proper hand washing and its vital link in promoting good health has created the need for quality soaps and dispensers. The I-Force® skin care program features large capacity cabinets that economically dispense 2000 mL and 5000 mL skin care products. Hillyard offers specialized I-Force® skin care products created to tackle tough grease and grime and thwart the spread of bacteria and germs.

A. I-FORCE® SOAP DISPENSERS

Heavy duty bag-in-box dispenser with large display window shows the product inside and makes it easy to see when it's time to refill. ADA compliant. One hand, push button operation reinforces mounting with each use. Portion control helps reduce waste.

HIL22239	5000 mL Black Dispenser	1

B. ULTIMATE-PLUS

This is the product you need to clean away sticky soils, adhesives, silicone, caulk, tar, and oil. It's gentle on hands, but tough on sticky grime. Formulated with natural soft scrubbers, emollients, conditioners, and moisturizers. Also contains aloe and vitamin E to soothe and heal hands.

HIL0036103	2000 mL	4
-------------------	---------	---

C. ORANGE-PLUS

For facilities where difficult soils, adhesives, grease, tar, and oil take a toll on hands. Unique citrus formula fortified with pumice makes quick work of ground-in grime utilizing a natural cleaning agent. Solvent free.

HIL0036003	2000 mL	4
HIL0036903	5000 mL	2

D. M.D. PLUS

Formulated to clean away light to medium soils which normal liquid soaps will not remove easily. M.D. Plus contains vitamin E, aloe and natural citrus-solvents for optimizing cleaning and conditioning. Petroleum free.

HIL0035903	2000 mL	4
HIL0036603	5000 mL	2

E. SPA-PLUS

Exceeds the special requirements for a bath and shower shampoo. A highly concentrated, enriched body shampoo suitable for repeated use by those who need to shower frequently. Ensures effective yet gentle cleansing. Spa-Plus has a rich, pleasantly fragranced formula.
