For Hygiene

The Hillyard Gator Brand Hygiene Mat is a fully disposable hygiene mat with built-in natural antimicrobial protection. In restrooms, urine can migrate into the floor and grout surfaces where it becomes the source of odor-causing bacteria. The Gator Brand Hygiene Mat traps urine before it gets into the floor surface, eliminating the source of odor-causing bacteria.

For Safety

Gator Brand Hygiene mats are designed to contain moisture when liquid is spilled on the floor and cannot be immediately removed, reducing the potential for slip/fall accidents. For use in front of water fountains, coffee stations, hand drying stations, hand sanitizer stands, or anywhere moisture cannot be immediately removed.

Antimicrobial Protected

The EPA Registered, antimicrobial infused Fosshield® Technology* incorporated into Gator Brand Hygiene Mats reduces and helps prevent the growth of mold, mildew, fungus, and destructive odor causing bacteria on the mats. Fosshield® uses patented silver and copper ion technology which is clean, safe, natural, and effective. The durable protection is non-leaching, safe for users and the environment, withstands cleaning and chemicals, and remains effective throughout the life of the product.

Additional Features

- Certified moisture barrier backing
- Non-skid backing
- Super absorbent top cloth
- Custom cut-to-size
- Made of 75% recycled material
- Fully disposable
